Our Story

It was the unwavering love, and our passionate pursuit for God's divine purpose that ultimately led us to this season where we now reside. We have learned over countless years of being in the wedding and event industry, that the most important thing in life, is not life itself, but truly the depth of love, hope, & passion that one is able to manifest and give, not just to a wedding or an event, but rather to the people who have chosen...You.
